Town Council Meeting

Provincial News Items M.D. Bow Valley Meets

A meeting of Strathmore Town Council was held on Monday evening all the members being present but Councillor French. Mayor Butler presided.

The meeting was rather a picture of one, and it was not till after midnight that the adjournment was ordered.

The early part of the evening was taken up by discussion of the school estimates. Several members of the School Board were present, and a motion was carried that the school was duly passed as submitted.

Inspection of Dairies

Dr. Grieve, Medical Health Officer, brought before the Council the matter of the inspection of dairies.

It was voted that there were three cows supplying milk for the town, and that if the town brought the steers up to a certain standard, the Dominion Government would inspect them.

Mr. Scott's output was 2.7 million pounds.

Mayors of Lethbridge, Macleod,

Grassland, Claresholm and Okotoks have

expressed opposition to the amendment that the authority of the province be given to the Minister of

Health to inspect dairies.

Dr. Hopkins, V.S.A., to make an inspection and report to the Council and it was approved.

Hospital!

Chairmen McNaughton and Secretary Phillips, representing the Board, appeared and invited the Council to a public meeting to be held shortly. This the Council agreed to do.

Councillor Anderson and Mr. Phillips closed over some details regarding the town hall, and have taken over the chairmanship of the hospital committee.

Mr. Phillips said that some of the "councillors and public had the idea

at the board was a private concern,

and instead of that it was representing the people of the district,

and a public hall should be built.

The remainder of the evening was

spent in a discussion of taxation.

Dr. Grieve. A list of 1921 arrivals were

showing over \$2,000, and these

were sent to the town collector for

collected.

ARDENDE NOTES

— Ardende U.F.W.A.

Mrs. James Horrocks has been on the sick list for some time, and was unable to attend the U.F.W.A. The present meeting on March 11 is solicited at the next meeting on April 15 at a Silverberry School, hall call, Spring Items. Subject, Strength and Health Growth in the U.F.W.A., by Mrs. Horrocks.

Strathmore Union Church will have the services next Sunday of Rev. Dr. Tuttle, Principal of Alberta Theological College, Edmonton. He is a talented speaker and promises education and will ably present the various topics of interest of the Christian church.

This is an opportunity Come and hear him.

An embargo has been placed on the services to Vancouver, or absence of connection at the coast during February a total of 1067 cars of grain were inspected at Calgary of 112 were wheat. Sixteen of these were No. 1 hard, 256 No. 2 northern, 125 No. 2 southern and 123 No. 3 northern.

Mr. Bark advised his hearers to plant trees and grass around the home and make a better life and also to have small trees could be grown.

We cannot reproduce the happy stories and enthusiasm of Mr. Bark's address, but he endeavoured to bring out some of the main points of his talk and we will have a report on another occasion.

days before. Even if an Alfalfa hay crop is halved, there is usually at least 50 per cent. of the crop saved and the chances of the other cutting being so halved is remote, so we can say that a 25 per cent. loss in the hay is about as maximum with an Alfalfa crop. With a mixed grass hay, the loss would usually be even less.

Mr. Bark advised his hearers to plant trees and grass around the home and make a better life and also to have small trees could be grown.

Some Discussion

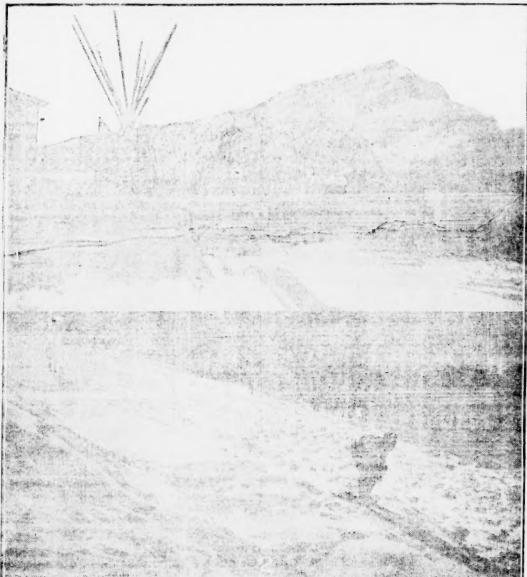

The discussion which took place after Mr. Bark's speech centered first on Mr. Bark's statement that the Banting scheme was not a good one. In Alberta came nearer to providing for the people than any other place in the country. We have heard of the many cases where a farmer could get the funds that his condition justified, although not as much as he had perhaps thought he should have.

Mr. Banting thought that the banks here were not prepared to lend as they should and cited the case of his brother who had been forced to sell his wheat early because he could not secure a loan on it at the bank.

Mr. H. W. Wathen, chairman of the local U.F.A. presided at the meeting and asked how about the advice to

is little wheat with him to be made into flour.

Hervey Local U.F.A. will hold regular meeting on Tuesday, March 14. Several items of business will be brought up. A good attendance is requested.

Mr. Billie Fraser made a business call on the "Tee Pee" Ranch on Monday, about daylight. He says he gets up before breakfast.

According to new figures furnished by the independent, on review of the liquor department, the government's surplus in this department now stands at \$3,161,404.09, accumulated during seven years, on an original investment of \$17,000 in stock for government vendors.

The amounts turned over to the treasury during the past five years from the liquor department were as follows:

1911	\$ 1,110.40
1918	\$ 2,921,767.50
1920	\$ 500,000.00
1921	\$ 250,000.00

It is noted that our oil timer, Mr. Jim Chapel, who sold out a year ago and is now in England, has come back to help us here in time to farm the spring. If he can get a place he says that Sunny Alberta looks good to him yet.

Mr. Wm. Laycraft made a business trip to Belsize on Saturday, taking

a carload of lumber shipped by C. K. Engen, of that place brought the top market price in Lethbridge last week.

Whist Drive Prizes

Editor, Strathmore Standard, Will you kindly allow me a small space in your paper to convey a message of understanding that seems to exist in the minds of the people of this country as to the prizes for the recent tennis while.

It has been circulated by some people that most of the prizes for the above event were bought from the Grade 1 tennis players. This is not true.

Trading Co. and the writer, (as one of the prize committee) made a business proposition of it.

It is quite true that most of the prize did come from the above store, but the following reason is the true reason. The sum of the money in the prize fund was not enough to cover the various articles at cost price, which offer was appreciated and taken advantage of. In this way the Tennis Club was able to offer much better prizes than would otherwise have been able to do.

Unfortunately Mr. Editor we have with us those people who always see something wrong in the things others try to do, and in order to bring them to reason I am only one of the people who have noted and listened to this kind of thing. It doesn't bother us in town any, but it sounds bad to strangers.

Yours sincerely,
HARRY VICARS
